Week #2 - Angels Explained: What You Should Know About the Nine Choirs

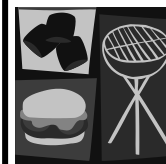

Dr. Mark Miravalle - Professor of Theology and Mariology at Franciscan University of Steubenville - teaches on the fascinating subject of Angels. Why did God create angels? How are they different from humans? Are guardian angels found in Scripture? Discover the answer to these questions and many more as Dr. Mark Miravalle explains the nine choirs of angels, their differing roles and hierarchical order, and how much angels can help us if we only ask.

Parishioner Comments

I liked the very concise & detailed explanation of how the angel studies were done by the Church, the history of the angels, all the different types of angels & their duties (good & bad), the hierarchies, tying info to scripture & tradition, the importance of talking/praying to our guardian angel daily, invoking the angels, going to Adoration, etc. Everyone likes angels, but I didn't realize there was so much info, & how to join the good side to fight the fallen angels!

I enjoyed the full explanation and the prayer to St Michael.
